

# FOX LANE HIGH SCHOOL MATHEMATICS DEPARTMENT

Dear Parent/Guardian,

**Your child is requesting to borrow a calculator for the school year. The conditions of the calculator loan program are listed below:**

- (1) It is the student's responsibility to bring the calculator to class every day.
- (2) The student is responsible for replacing the batteries (4 AAA).
- (3) The student is responsible for keeping the calculator free of writing, damage, and any other forms of destruction.
- (4) The student is responsible for keeping track of the cover and battery faceplate for the calculator.
- (5) The calculator must be returned in the same condition as when it was borrowed, with batteries that work and a cover free from writing.
- (6) Students may not download software/programs from the internet (i.e. Mirage OS), a computer, or another calculator. Downloading software, including games, into a calculator is a violation of the department's acceptable use policy.
- (7) It is the student's responsibility **not to lend** the calculator to any other student.
- (8) If the calculator is damaged or lost, the student will be charged \$100.00 to replace a yellow TI-84+, \$85.00 to replace a black TI-83+, \$5.00 for a missing slide cover, and \$7.00 for a missing battery faceplate.
- (9) The calculator must be returned to your child's math teacher on the last day of regular classes. A calculator will be provided for your child's use during Regents/Final Exams.
- (10) All students who have not complied with any of the above conditions will not be able to lease a calculator from the Math Department in the future.

If any of these conditions are not met, the math department reserves the right to revoke the calculator from the student, and the student will be responsible for buying his/her own calculator to use in class. Please complete the back of this form and have your child return it to his/her math teacher.
